Projects

Charity Search

Utilizing a third-party Charity API, I created a site to find Charities and non-profits in a given Zip Code area

GitHub:
https://github.com/lrivales/contactless-menu

Tools: HTML, CSS, JavaScript, Fetch API

Contactless Menu

Built an application to mimic contactless ordering while connecting front-end and back-end technologies / databases

GitHub:
https://github.com/lrivales/contactless-menu

Tools: MySQL, Node, Sequelize, Express

nfteez.

Showcased a comprehensive understanding of MERN stack, building an NFT rating system

GitHub:
https://github.com/lrivales/contactless-menu

Tools: React, MongoDB, JSON Web Token

Work Experience

Leidos | Rockville, MD   January 2020 - Present
Associate Program Finance Analyst

- Prepared written, verbal, and quantitative reports for customer deliverables while adhering to strict deadlines throughout each fiscal period
- Responsible for budgeting, forecasting, and analyzing revenue and costs for multiple programs of various contract type
- Proficient and experienced delivering projects using Costpoint, Cognos and PowerBI
- Experience with U.S Federal Government financial systems, processes and data requirements

Acuity Financial Services Intern | Ashburn, VA   June 2019 - August 2019
Merger & Acquisition Intermediary Intern

- Performed a full business valuation engagement, under supervision of the Firm's managing principal, assessing the market value of a new sell-side client for a boutique investment banking firm, that focuses on the Architectural / Engineering / Construction Industry and the Government Contracting Industry
- Researched potential acquisition candidates and performed feasibility analyses on those candidates for the firm's sell side clients
- Performed database management and cleanup of the firm's digital marketing database

Allstate Insurance | McLean, VA   June 2018 - August 2018
Office Intern

- Shadowed experienced insurance professionals to learn more about customer interaction and insurance proceedings as well as handling day-to-day financial information
- Dealt with over 100 different customers assisting with their various insurance needs and accepting insurance payments utilizing Allstate's financial systems
- Organized customer information for enhanced business planning and increased customer service potential
